### SCHOLARSHIP SUCCESS: MEAKAILA KATZ GRADUATES!

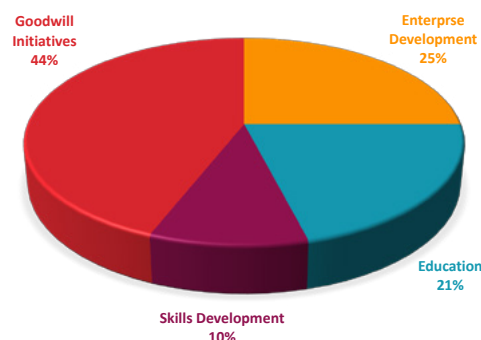

Congratulations to Meakaila Katz, one of the first recipients of the Boikanyo Solar Scholarship, on obtaining her Bachelor of Education Degree in the Foundation Phase from Sol Plaatje University!

Established four years ago, the scholarship programme supports and impacts students from Douglas, Breipaal and Bongani communities. It specifically supports learners within a 50km radius of the solar plant, providing them with the necessary financial and academic resources to further their education.

"We look forward to the upcoming graduation during the second quarter of the year, and we will continue to cheer Meakaila on as she prepares to begin her teaching career."  
– Lesego Mosiane, CLO for Boikanyo Solar

#### ECONOMIC DEVELOPMENT SPEND - Q4: 2024

### INTERNSHIP PROGRAMME EMPOWERS YOUNG TALENT

After an 18-month journey, our Community Operations Internship Programme has come to an end for Charlein Pienaar, who has gained valuable experience, skills, and professional growth.

Through mentorship, accredited training, and hands-on experience, Charlein has developed both technical and soft skills that will serve her well in the future.

*"Over 18 months of the community operations internship programme, I enjoyed the work experience, and I have gained many beneficial skills."* - Charlein Pienaar, Boikanyo Solar Junior CLO

She exits the programme with a Project Management Certificate and a Community Development Practitioner qualification.

We wish her all the best in her career journey!
